

KNIT 1 BELOW (K1B) & PURL 1 BELOW (P1B) PHOTO TUTORIAL

By Shana S. Cohen

A photo tutorial of stitches used in fisherman's rib and half fisherman's rib patterns.

KNIT 1 BELOW

Insert the tip of the right needle into the stitch below the next stitch from front to back, and then knit normally. Let the stitch above fall from the left needle as this stitch below is worked.

K1B stitch shown here. Insert needle into space below the stitch on the needle.

PURL 1 BELOW

Insert the tip of the right needle into the stitch below the next stitch from back to front, and then purl normally. Let the stitch above fall from the left needle as this stitch below is worked.

P1B stitch shown here. Insert needle into space below the stitch on the needle.

Not sure where the needle goes? Take a peek at the other side of the work. Insert the needle below the knit stitch just like K1B.
